Brief Relief
PERSONAL LAVATORY SYSTEMS

Brief Relief Disposable Urine Bag*

BR608 | CASE OF 100

For liquid waste. Each pouch contains a proprietary blend of polymers and enzymes which absorbs liquid waste and odor until it is fully contained in a gelled state. The snap-top closure opens with a locking handle to keep hands from coming in contact with any waste. The one-way funnel design directs the liquid into the bottom of the pouch and prevents spills. After use, the leak-proof top can be snapped shut and the entire pouch disposed of in any trash container along with the supplied antimicrobial wipe.

Disposa-John Portable Restroom*

BR500 | CASE OF 100

For liquid and solid waste. The bag-in-bag design contains a proprietary blend of polymers and enzymes which absorbs odor, solid and liquid waste until it is contained in a gelled state.

The inner grey bag pulls up over the Commode seat for added sanitation. The outer silver foil bag is constructed of a 3-layer barrier laminate to trap in odor. After use, the ziplock closure securely contains the waste and the bag can be disposed of in any trash container. Each bag comes with toilet paper and an antimicrobial wipe.
